Help Shoeb   Imtiaz Risha

Mainul Islam Shoeb has been a Youngman with a striving spirit to succeed. After being through a well struggled 4/5 years in Sydney he at last has become a permanent resident of Aus. But unfortunately his bad luck didn't give him much time to enjoy his freedom from the shackle of 'student-life-struggle'. He had a number of brain surgeries and eventually ended up as paralyzed patient at St Joseph Rehabilitation Centre, Auburn.

The bad luck continues as we found out he didn't add his wife in his PR application in order to get a quick decision. Further, very recently Shoeb is blessed with a daughter in Bangladesh. His wife has never been to Australia as he could not show adequate financial capacity to sponsor her stay. Now his wife and daughter are issued with tourist visa to see him.

Being from an average middle-income family it's difficult for them to organize the airfare. Moreover, they will have to stay here for an unknown period.

We, who know Shoeb, are trying to organize some fund for the expenses of their air ticket and other costs related to their stay in Sydney. We are also considering lodging PR application for the rest of the family so that the family becomes eligible to social benefits. We appreciate your doa. Any financial assistance could be made to:

Muhammad Anwar Hossain is an accountant of Veolia Transport, Sydney. His work number is (02) 8584 5227. His residential address is 8/2 Gray Crescent, East Lakes. We are using his account as Shoeb may not remember his own bank pin number.

We (10 families) have recently started a charity fund named "Amra Bangladeshi" where each family deposits $10/month. So far we have collected about $900. All off this will be used for Shoeb. And we are usnig Anwar Hossain 's bank account for this purpose.
