

POTH PRODUCTIONS

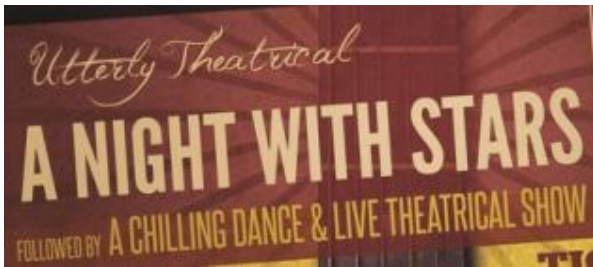

You saw our musical shows at the 'Sydney Olympic Park Boishaki Mela'.

Water lily - Blossoming of a nation (2011) and **Sonar Tori** - A Momentous Journey (2012)

Both shows have proven to be a success and highly commended by our viewers.

Encouraged by this success, in 2013, we are going to present:

Poth Productions was co-founded by five ambitious and talented individuals: Rupsha, Hafiz, Adnan, Soura and Munna in 2009.

Our mission is to produce a blend of innovative contemporary enriched theatre based production shows.

Our production team are well experienced in producing creative art and performances that include blend fusion of classical art, Bengali drama & literary works, history and music mixed with modern western genres including Arab, Latin, jazz and contemporary hip-hop culture.

Be the lavish sets or heavily prop-based productions, our shows and performances unfold an unpredictable voyage making it an unparalleled, tantalizing experience for our viewers..

Poth Productions would like to take the opportunity to grow and build a bridge between the two generations attracting Bengali youth growing up in Australia to keep its rich cultural roots.

We strongly encourage the new generation Bangladeshis of all ages living in Australia to exploit their inner talents and take part in our future on stage performances.
