

AIM AND OBJECTIVES

1. We designed the HOPE (Host of the Peace Environment Incorporated) Easy Funeral project for affordable financial involvement to Muslim people.
2. HOPE Easy Funeral project will manage enough money through the Easy Funeral project to finish all the processes after the death of our project members.

HOPE Easy Funeral project will give money to the nominated person, so they can do all the processes of their own choosing for funeral. But if the family member wants to do the processing through Hope Inc., then definitely HOPE Easy Funeral project will support/ information the family accordingly.

- (A) Bring the body from the hospital or home.
 - (B) washing and shrouding the body.
 - (C) Bring the body to the nominated funeral (Janaza) prayer place and
 - (D) Buy the grave and burial processes.
3. At the moment, HOPE Easy Funeral project will buy and hire all the facilities from legal Islamic service providers. In Sha Allah, our goal is to launch our own funeral services with full facilities as soon as possible.
 4. HOPE Easy Funeral project wishes to have our own graveyard in the near future.
 5. HOPE Easy Funeral project wants to establish a retirement village. Designed for our community's interests (accommodation, doctor-nurses, Mosque, Gym, recreational services, etc.)
 6. When someone dies from our Easy Funeral project, we send the message to the rest of the members to attend the Janaza prayer. This message will be spread by our members to our greater community, increasing the chances of more people attending the Janaza prayer. We know that the Janaza prayer is lots of reward for past way parsons and also for all the attendees.

7. HOPE Easy Funeral project will send a message every month to our Easy Funeral project members asking them to pay the monthly fees. This message is not only to pay the fees, but also THE ALARM that "we have to die"!

Even if a member pays the monthly fees in advance (like yearly), we still send the message that "we have received your monthly fees". Why this message? The message of "the alarm" is " We must perish and go to Allah with our account "!

THE BURDEN OF ONE IS THE STICK OF TEN.
Thousands of members can prove it!
