

Oh! My Beloved

Dilruba Shahana

I am not afraid to start my eternal journey,
But in my eternal journey
I do not want to give hassle to any one.
I do not want to show my emotion for someone,
Hate to show my weakness to leave them even.
Do not want to see pain in other's face either.

I want to say good by in a smiling face.
Please, if you come to retrieve me from ...,
Try to not let me be sick,
Not let me be in the hospital bed.
It is better come quietly
Oh! My beloved death,
Kiss me gently;
Take me away while sleeping.
